NATUR

TECHNICAL CHARACTERISTICS

niski val: TPE 22 / 125 / 1000

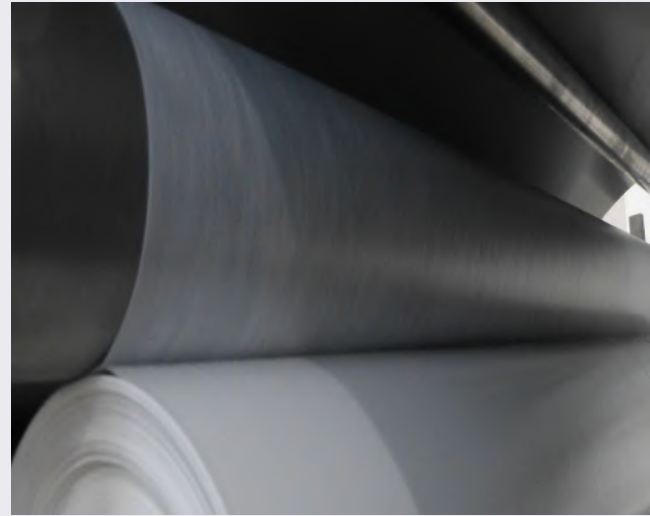

visoki val: TPE 40 / 193 / 965

Length and thickness according to customer wishes!

OTHER INSTALLATION MATERIAL

It serves to **protect** the panels from **condensation** and **reduce noise**, and as such is an indispensable part of the installation of trapezoidal panels!

Felt

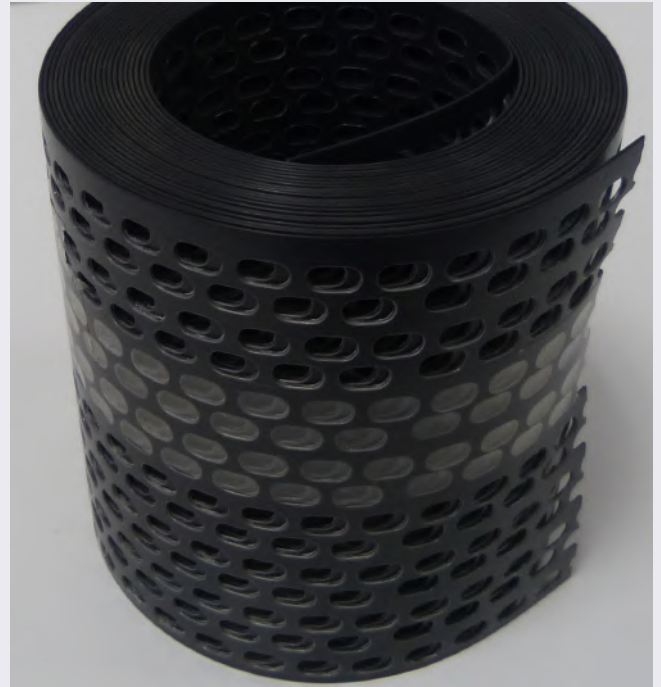

Calotte

Used to **fasten the joint** of two trapezoidal plates!

OTHER INSTALLATION MATERIAL

It is used for **protection** against insects, birds and other animals, while at the same time **ventilating** the facade or roof!

Net

Provides **protection** against the penetration of precipitation through the openings at the joints, with the property of **leaking steam!**

Vapor permeable foil
